

# SHIGA

Shiga Prefecture is located in nearly the center of Japan.

It is home to Lake Biwa, the largest lake in Japan, which occupies about one-sixth of the prefecture's land area.

Here, you can experience the rich nature of water and greenery.

The majestic and diverse landscapes are featured in scenic views such as the "Eight Views of Omi"

and the "Eight Views of Omi." This region, which has long flourished as a center of culture and economy,

is rich in deep historical and cultural heritage, including historic temples and shrines, as well as traces of legendary figures from the Sengoku period.

These cultural treasures continue to be carefully preserved and passed down to this day.

## Products can be purchased at Creema

### About Creema

Creema is a CtoC marketplace where creators and consumers across Japan can directly buy and sell original works online.

The service was launched in 2010 with the goal of "establishing a fair and new massive economic zone where truly great items will never be buried."

Currently, over 19 million original works from approximately 280,000 creators are listed, making it the leading handmade marketplace with the highest transaction volume for four consecutive years (\*).

\*Record of transaction volume in domestic handmade marketplace services: Ranked No.1 in Japan for four consecutive years since 2021.

## Creema SHIGA SPECIAL SELECTION

Shiga Prefecture, surrounded by rich nature, is home to Lake Biwa, which is the largest lake in Japan.

While carefully preserving its natural environment, history, and cultural heritage,  
Shiga Prefecture has leveraged  
its strategic location as a hub for east-west transportation  
to foster diverse industries and develop a unique culture.

Shiga Prefecture is home to traditional crafts such as "pottery" and "textiles,"  
as well as rich local specialties like "Omi beef," "tea," and "sake."

In the "Shiga Special Selection," we introduce products  
from Shiga Prefecture that have been nurtured  
and crafted by its history and natural environment.
