Host Town?  
Again?

...is this  
Host  
Town  
thing!?!?

What  
the  
heck....

I'm working  
together with  
a Paralympian  
to do  
a seminar  
by the way.

Hey sis!

Sounds  
like  
fun...

The  
Host  
Town...

Hyping  
up the  
local  
region  
with sports  
and cross-  
cultural  
exchange  
is what  
this Host  
Town  
thing is all  
about!

Before the  
2020 Tokyo  
Olympics  
and  
Paralympics,  
athletes are  
coming from  
all over the  
world to  
stay in  
Japan.  
Some are  
coming to  
Shiga too,  
you know.

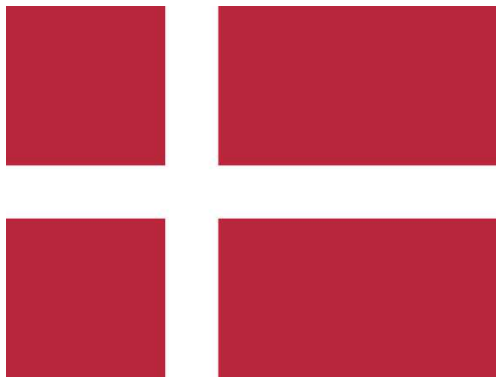

Looks like  
a lot of  
things  
are gonna  
change...

And  
that  
too?

What  
the heck?  
That  
was this?

# Otsu × Denmark

What do we have here, hmm!?

There's a bunch of tall guys over there...

Huh??

I'm gonna lose 10 kilos in 3 months hey!

Lalalaaa!

What the-

Waah!

Hey! What are you guys doing?!

Yeah, it's a nice place for sure!

Woah!! Welcome to Japan! Shiga is a great place for sports, huh?

Biwa Lake is beautiful! We just got back from a run.

These guys are on the Denmark rowing team! They all came to Japan to stay as guests in the host town of Otsu city.

Hell ooo!

Hey there!

No problem! Leave it to me! Let's go together!

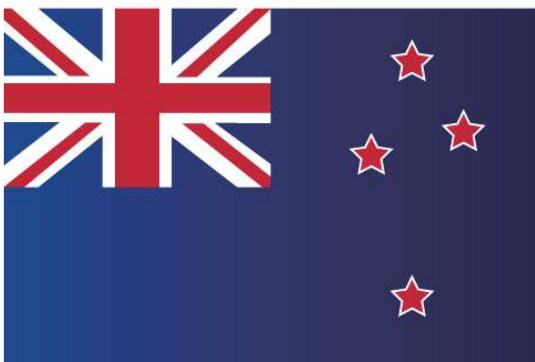

Hey, do you know any interesting places to go?

No way!!! That sounds AWESOME!!!

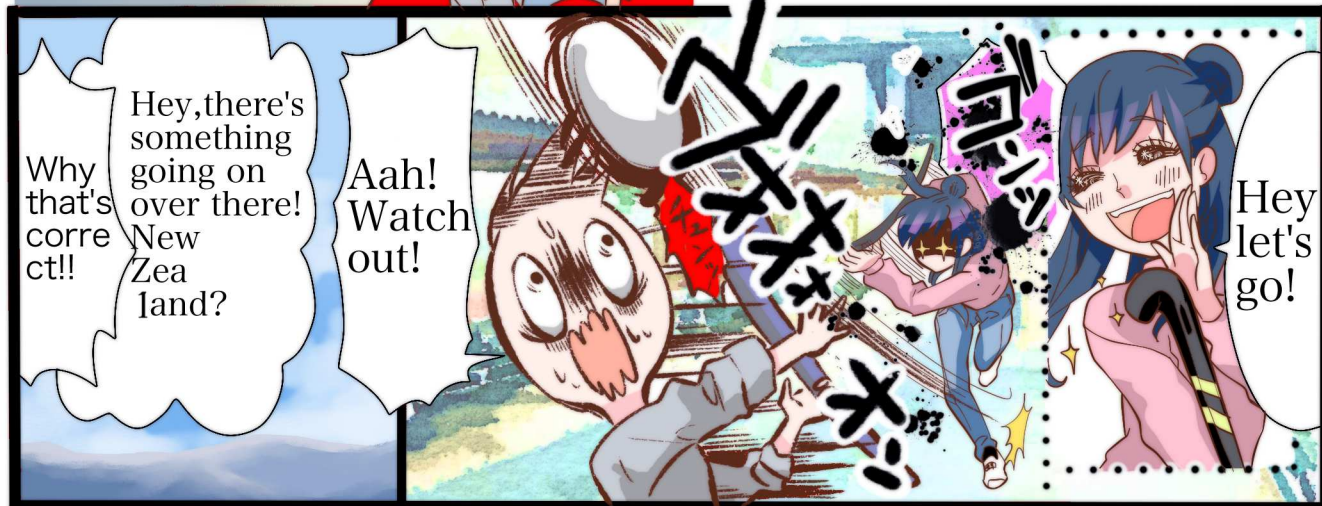

Not only sports, there are artists from Denmark, and a huge cultural exchange going on.

# Moriyama × Turkey

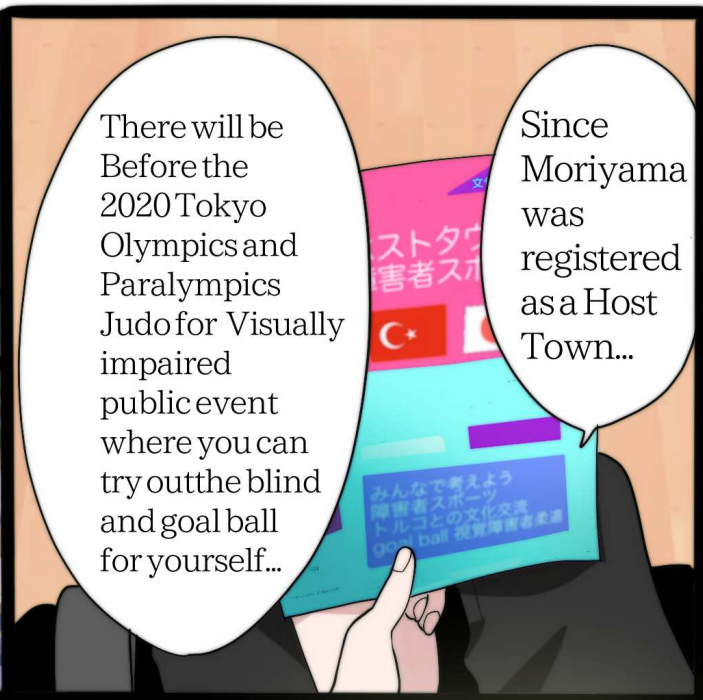

That's something I'd want to see.

Sports for the handicapped.. I hadn't ever thought about that...

There will be Before the 2020 Tokyo Olympics and Paralympics Judo for Visually impaired public event where you can try out the blind and goal ball for yourself...

Since Moriyama was registered as a Host Town...

There's a Turkish cultural event here too...

Don't you think so?

You can lend your voice in support, cheering everyone on...

But, there's got to be something I can do.

That's awe some...

Yeah, that's true...
